

**Eastern Oregon Coordinated Care Organization 2016 Incentive Measure Dictionary**

Measure Definitions	Data Source
<p><b>Alcohol and Drug Misuse Screening (SBIRT)</b> Members age 12 and older who received alcohol and drug misuse screening during outpatient visit. Outpatient visits include office visit, home visit, and/or preventive medicine. Full screen or full screen + brief intervention services are required for reimbursement. A brief screen does not count toward this measure.</p>	Medical claims
<p><b>ED Visits</b> Each visit to an ED that does not result in an inpatient encounter (multiple ED visits on the same date of service is counted as 1 visit)</p>	Medical claims
<p><b>Developmental screening (0-36 months)</b> Children who turn 1, 2, or 3 years of age in 2016 who had a developmental screening. Screening results must be reviewed and interpreted by the provider (physician, NP or PA), discussed with the family, and the patient record must document the screening tool, results and actions taken. Another healthcare provider or early learning and development provider may <u>initiate</u> a developmental screen with a family. As long as the screening tool and full set of answers are shared with the primary care provider who completes the required steps of interpretation, documentation and discussion with the family, the provider (physician, NP or PA) can appropriately bill. While screenings can be completed and scored in advance of provider review and interpretation, results should be reviewed with the family within one month of completion of the screen to be considered valid or current.</p>	Medical claims
<p><b>Follow-Up after hospitalization for Mental Illness</b> Discharges for members' age 6 years of age and above who were hospitalized for treatment of selected mental health disorders and who had an outpatient visit within 7 days of discharge, and on the date of discharge.</p>	Behavioral health claims
<p><b>Dental, Mental, Physical Health Assessment for Children in DHS Custody</b> Identified children/adolescents 0 – 17 years of age in DHS custody for 60 days who received a physical health assessment, a mental health assessment, and a dental health assessment within 60 days of the notification date (when CCOs are notified the member is in DHS custody, or within 30 days prior to the notification date.)</p> <ul style="list-style-type: none"> <li>• Age 1-4 mental health assessment not required</li> <li>• Age &lt; 1 only physical health assessment required</li> <li>• First Tooth or Smiles for Life certified medical providers can conduct and code for a dental assessment (D0191) when performed during a well-child check</li> </ul>	Dental, behavioral health, and medical claims

<p><b>Effective Contraceptive Use</b>  Women age 18-50 with evidence of one of the following methods of contraception in 2016: sterilization, IUD, implant, contraception injection, contraceptive pills, patch, ring, or diaphragm. Surveillance of <i>existing contraception</i> is included in this measure – which are women utilizing long-acting reversible contraception or permanent contraceptive options who would not otherwise have a pharmacy claim or procedure code in 2016.</p>	Medical and pharmacy claims
<p><b>CAHPS Access to care</b></p> <ul style="list-style-type: none"> <li>• Got care right away for illness/injury/condition as soon as you/child needed</li> <li>• Got an appointment for routine care as soon as you/child needed</li> </ul>	State CAHPS survey
<p><b>CAHPS Satisfaction with Care</b></p> <ul style="list-style-type: none"> <li>• EOCCO customer service gave needed information or help</li> <li>• Treated with courtesy and respect by EOCCO customer service staff</li> </ul>	State CAHPS survey
<p><b>Dental Sealants</b>  Children ages 6-9 and 10-14 who received a sealant on a permanent molar tooth  Dental hygienists can determine need and apply sealants without the direct supervision by a dentist</p>	Dental claims
<p><b>PCPCH Enrollment</b>  Number of members enrolled in PCPCHs by tier</p>	EOCCO Member PCP assignment
<p><b>Colorectal Cancer Screening</b>  Individuals receiving at least one of the following screenings for colorectal cancer either during the measurement year or years prior to the measurement year:</p> <ul style="list-style-type: none"> <li>• Fecal occult blood test during the measurement year</li> <li>• Colonoscopy during the measurement year or nine years prior to the measurement year</li> <li>• Flexible sigmoidoscopy during the measurement year or four years prior to the measurement year</li> </ul>	Medical claims and chart review on sample population, determined by Oregon Health Authority
<p><b>Timeliness of Prenatal Care</b>  Prenatal care provided in the first trimester or within 42 days of enrollment. First trimester is considered first three months of pregnancy, from the first day of the last menstrual period through 13 weeks gestation.  <u>Prenatal care</u>  Documentation in the medical record must include a note indicating the date when the prenatal care visit occurred, and evidence of one of the following:</p> <ul style="list-style-type: none"> <li>• Basic physical obstetrical examination (auscultation for fetal heart tone, pelvic exam with obstetric observations, or measurement of fundus height</li> <li>• Prenatal care procedure (obstetric panel, echography of a pregnant uterus, documentation of LMP or EDD in conjunction with either prenatal risk assessment and counseling/education, or complete obstetrical history)</li> </ul> <p><u>Postpartum care (one of the following)</u></p> <ul style="list-style-type: none"> <li>• Pelvic exam</li> <li>• Evaluation of weight, blood pressure, breasts and abdomen</li> <li>• Notation of postpartum care, including, but not limited to “postpartum care,” “PP care,” “PP check,” or “6-week check”</li> <li>• Preprinted “Postpartum care” form</li> <li>• Pap test</li> </ul>	Medical claims and chart review on sample population, determined by Oregon Health Authority

<p><b>Adolescent Well Care Visits</b>  Adolescents age 12-21 with at least one comprehensive well-care visit  Well care visit include:</p> <ul style="list-style-type: none"> <li>• History</li> <li>• Physical exam that includes weight, height, vision, heart, lungs, skin and genitalia</li> <li>• Assessment &amp; plan</li> </ul>	<p>Medical claims</p>
<p><b>Depression Screening and Follow Up Plan</b>  Patients age 12+ screened for clinical depression, using an age appropriate standardized tool AND if positive, a follow-up plan is documented on the date of the positive screen.</p>	<p>Clinic’s Electronic Health Record</p>
<p><b>Diabetes HbA1c Poor Control</b>  Patients age 18-75 with a diagnosis of diabetes, whose most recent HbA1c level (performed during the measurement period) is &gt;9.0%.</p>	<p>Clinic’s Electronic Health Record</p>
<p><b>Hypertension Control</b>  Patients age 18-85 with a diagnosis of essential hypertension within the first six months of the year, whose blood pressure at the most recent visit is adequately controlled (systolic blood pressure &lt;140 mmHg and diastolic blood pressure &lt;90 mmHg). Only blood pressure readings performed by a clinician in the provider office are acceptable.</p>	<p>Clinic’s Electronic Health Record</p>
<p><b>Child Immunization Status Combo 2</b>  Children who turned 2 years of age in the measurement year and had all of the following specified vaccinations: Dtap, IPV, MMR, HiB, Hepatitis B, VZV</p>	<p>Public Health Division  Immunization Program Registry (ALERT) and MMIS</p>
<p><b>Cigarette Smoking prevalence</b>  Unique members age 13 years or older who had a qualifying visit, who have their smoking and/or tobacco use status recorded as structured data, who are current smokers and/or tobacco users.</p> <p>Each EHR may have different codes to document cigarette smoking and tobacco use.  PLEASE INDICATE IF CIGARETTE SMOKING ONLY, AND/OR BROADER TOBACCO USE.  Report queries must be able to query the following:</p> <ol style="list-style-type: none"> <li>1) Of all your patients with a qualifying visit, how many have their cigarette smoking or tobacco use status recorded?</li> <li>2) Of all your patients with their cigarette smoking or tobacco use status recorded, how many are cigarette smokers?</li> <li>3) Of all your patients with their cigarette smoking or tobacco use status recorded, how many are smokers and/or tobacco users?</li> </ol> <p>For information on tobacco treatment reimbursement, please refer to the EOCCO provider manual <a href="http://eooco.com/providers/resources.shtml">http://eooco.com/providers/resources.shtml</a></p> <p>Qualifying visits include face-to face interaction, office visit, wellness visit, health &amp;behavioral assessment, preventative care services, consultants visit, occupational therapy visit, psych visit, psychoanalysis, &amp; ophthalmological services.</p>	<p>Clinic’s Electronic Health Records</p>
